## **GUSAR INSTALLATION AND ACTIVATION PROCEDURE**

Unpack the archived file with GUSAR installer.

Click the right mouse button on GUSAR\_2013\_Setup.EXE:

GUSAR_	Open	Application
	Run with Runscanner	
	Run as administrator	

Click on "**Run as administrator**", launch **GUSAR\_2013\_Setup.EXE**, and follow the instructions in the installation dialog window.

In the process of GUSAR installation, you can change the folder into which GUSAR will be installed. **"Program Files\PASS\GUSAR 2013**" is a default folder (this may be changed for future versions of GUSAR).

To using GUSAR, you must activate it.

Launch **ActivateGUSAR2013** from "Start Menu", "Programs", "PASS\Activate GUSAR 2013" or from the GUSAR folder – Activation Assistant will run:

Close the Activation Assistant window.

When we have received your **Activation Request** we shall generate appropriate **Activation Code** and send them to you by E-Mail.

When you have received the **Activation Code** from us, you are able to complete the GUSAR activation procedure.

Launch ActivateGUSAR2013.EXE again - the Activation Assistant will run.

Enter or copy and paste your Activation Code into the edit box:
